### Handwavers

Get everyone involved with bespoke handwavers, designed to compliment your event.

Ideal for commemorative or special occasions, product launches or high profile sporting events, handwavers are a simple solution for reinforcing sponsor branding whilst providing participants with a souvenir of the event.

Handwavers can be printed on a range of substrates including gloss finished paper and lightweight polyester with large and small quantity orders fulfilled with digital and screen print options.

Bespoke handwavers can be manufactured to your size requirements, however, standard sizes include 200 x 300mm and 400 x 600mm, in a landscape style. Standard handwavers are supplied fitted to a white plastic stick.

- Effective** Personal branding solution  
**Bespoke** Designed to your specifications  
**Versatile** Small print quantities available  
**Unique** Creates a personal memento
