## Flag Poles

Giant Pole with Flag

### Giant Pole

A Giant Pole from HoF Display Solutions will create a powerful, eye-catching presence at any promotional event.

Suitable for both internal and external use, the telescopic pole easily extends in stages to an impressive height of up to 5.4m and is supported by a base that can be water or sand filled for extra stability.

The Giant Pole is designed to display a portrait flag measuring up to 4.1m x 1.1m, providing an excellent graphic area to ensure that your marketing messages and brand identity are highly visible. The flags can be produced in a range of substrates and using HoF's extensive experience and printing capabilities, can be printed to your exact specification and incorporate full colour photographic images.

Ideal for exhibitions, trade shows, sports fixtures and outdoor events, the Giant Pole is conveniently portable and packs neatly into two smart carry bags for storage & ease of transportation.

### Benefits

- Effective** Large print area to get marketing messages across
- Highly visible** Creates a powerful presence, visible from a distance
- Fully portable** Components dismantle for easy storage and transportation
- Versatile** Can be used both externally and internally
- Practical** Easy to erect
