Brand . Manufacture . Supply

Since 1977, House of Flags has been a one stop shop for all of our customer’s marketing solution needs.

At our head office in Cambridgeshire, we have our own in house print room, can hold stock and also have a dedicated installation and maintenance team. This allows us to offer shorter lead times and provide competitive prices to our customers.

We understand that all of our customers have unique requirements and pride ourselves on producing bespoke products tailored to our customer requirements. We have invested heavily in our materials and products, ensuring that we only supply the best products.

Our high quality product testing programmes, manufacturing, installations and customer support have enables us to be awarded with ISO accreditations. This helps to assure our customers of our high working standards.

House of Flags’ new ECO Range aims to provide our customers with environmentally friendly promotional display solutions. We have listened to our customer demands to create a range of display materials and products that are all fully recyclable and environmentally friendly.

Alongside our ECO range we have invested in new machinery and equipment to reduce wastage and become more efficient. We are now also able to offer a brand new recycling service. This is one of the first recycling schemes in the UK with the ability to recycle old PVC banners.

As part of our continuous policy to improve our sustainability and reduce our carbon footprint we are always investigating more ‘green’ product options, with the aim of introducing more ECO materials and products.

RECYCLING & WASTAGE

As part of our drive to become more environmentally friendly and sustainable, we are reducing our wastage. This includes cutting down waste in production and general waste throughout the business.

We are also able to offer recycling for a wide range of our products including PVC banners and all of our flags. This is available for all of our customers. For more information on our recycling service please don’t hesitate to contact us.

ECO PACKAGING

As standard all of our ECO range products are supplied in our green packaging option. Our green packaging is a bio-based ‘green polythene’. This packaging is carbon neutral, made from sugar cane. It is 100% recyclable and made from renewable, sustainable resources.

Alternatively, our customers can choose to go completely plastic free.

200,000 tonnes of ‘Green Polythene’ = 800,000 tonne reduction in CO² emissions

Equivalent to:
Annual emissions of 800,000 cars
Annual energy consumption of 200,000 families
Our Eco Knitted Polyester is produced with 100% recycled waste. Approximately 2 bottles have been recycled to make every 1m² of fabric.

Our Eco Knitted Polyester can be used for a wide range of products including flags and banners, it is also 100% recyclable.

1 tonne of recycled bottles = 2.29 tonnes of CO² saved

Our ECO Banner material is PVC free, making it fully recyclable. Despite being half the weight of our standard PVC, our ECO Banner is equally as strong. Making it durable and effective.

When producing our ECO Banner it uses a 50% smaller carbon footprint than our standard PVC. This makes it one of the most environmentally friendly PVC alternatives currently available.

Our ECO Hand Waving Flags are made with a fully recyclable paper stick. They are partly made with FSC recycled paper. This makes them ideal for using at large scale events and celebrations, reducing the impact on the environment and the need for one time use plastics.

Stick lengths available:
• 25cm  
  Ideal for 15cm x 21cm flag
• 40cm  
  Ideal for 20cm x 30cm flag
• 60cm  
  Ideal for 30cm x 45cm flag
• 80cm  
  Ideal for 40cm x 60cm flag
House of Flags are the leading manufacturer of flags in the UK. All of our flags are produced at our head office in Cambridgeshire.

Our flags are made to meet specific requirements, including the sizes, shapes and designs. Our account managers will provide you with a personalised service and offer bespoke product solutions, ensuring you receive high quality products with fast lead times.
Custom flags are a great way to show off your promotional messages and branding. No matter what your specifications are we will be able to produce a flag that meets your display requirements.

- 40 years experience manufacturing flags
- In house production for fast turnaround times

Choose your ideal:
- Material
- Printing Method
- Size
- Shape
- Finishings
Feather flags are extremely versatile and eyecatching. We have three standard shapes, feather, teardrop and portrait as well as being able to produce bespoke shaped flags.

Choose between our three ranges, budget, standard and premium to create a feather flag that suits your display environment. You can also choose from a variety of bases. Alongside our feather flags we also offer teardrop and feather backpack flags.

Choose your ideal:
- Range
- Material
- Shape
- Base
- Size
Angled flags are a great way of promoting your business, allowing your promotional messages to be seen from a distance in areas which have limited ground space.

We can also install and maintain your angled flags as well as carry out flag change overs.

- Range of finishings
- Mirror imaged or double sided
