# The Wall (8ft)
# 2380 x 2360mm
# Scale 100%

Please read the following before setting up your artwork.

Please fit your artwork at 100% scale into the template following the guidlines

### Artwork Safe ZONE

Please ensure all important artwork information i.e. logos, text & images fall within the safe zone area

### Visible Area

This is the visible area from the front, once product is hemmed and finished anything outside of this area will be turned to the back in hem

### Cut Contour

Printed material will be cut to this line

### Bleed Extent

Please ensure backround artwork fills to this line

### Using Layers

Please ensure you select the green 'Client Artwork' layer in the 'Layers' panel when placing your artwork

### Saving Artworks

**DO:**
**Save artwork** as PDF using the standard 'Illustrator Default' option.
**Turn off** the **'INFO - Non Print'** layer when saving artwork to PDF

**DON'T:**
**Change the colours of the keylines** as spot colours are used for production
